Mr. Lloyd:

Please accept this as documentation that Albert and Betty Westburg are wholly supportive of HB0411, "Fast and Fancy."

We are members of the Snowy Mountains Muzzleloaders Club of Central Montana and our club was instrumental in designating the campground/area on the west side of East Fork Reservoir (11 miles southeast of Lewistown, MT) as the Ed McGivern Memorial Park. Our club has erected a large sign there honoring Mr. McGivern.

I am also a board member of the Central Montana Historical Association. Our museum board is also very proud of Mr. McGivern's accomplishments and we have a display about him in our Central Montana Museum. At this time, the exhibit consists mostly of paper items (photos, books and articles, etc.) but we hope to someday receive a few donations of his physical possessions/momentos. Since Mr. McGivern resided here in Lewistown for a good part of his life, had his sign shop on our Main Street, trained our local law enforcement in the use of fire arms, and performed shooting exhibitions at our fairgrounds and at other locations here in Central Montana, we feel that Lewistown, MT should be the designated as the location for his museum and we wish that there could be a day set aside for his remembrance as well.

Your email has been forwarded to our muzzleloader members that have email.

Thank you for assisting with this bill.

Betty and Albert Westburg  
81 Timber Tracts Road  
Lewistown, MT 59457
